

# Walk With Me

words & music by  
Eric Ramage

Lord before You say where I am to go  
Please say You'll walk with me, say You'll walk with me  
For I'm afraid of what I don't know  
If You will walk with me, then I will never be alone

Child before You say what you'll be for me  
Just say you'll walk with me, say You'll walk with me  
No matter what you do or where you go  
If you will walk with me, then you will always be at home

You know my weakness, and You know my fear  
I know the mercy You show  
You are the Father who counts all our tears  
You'll make us able to go

Lord before You say where I am to go  
Please say You'll walk with me, say You'll walk with me  
For the thing I'll need is the love You show  
So I will walk with You, and I will never be alone
